REPORT ON STUDENTS INDUCTION PROGRAMME -2017

On second August 2017 the B.Ed. students were **oriented about the college and the program** also the details were explained by the principal of the college.

Freshers' day celebration was conducted on 2.8.2017 for welcoming the new students joined in the college. To establish a friendly relationship between the junior and senior students various programs were organised by the second year B.Ed. students.

From August 22, 2017, to August 24, 2017, a **tutorial-wise talent search program** was conducted, during this event, students were given the opportunity to showcase their various talents and skills.

Achievement Motivation seminar was conducted for B.Ed. I year students on 20th and 21st October, 2017. The Principal of the college Dr.C.Janakavalli commenced the seminar with a perception game which induced the thinking skill of students. Dr.K.P.Shanmuga Vadivu, Assistant Professor of Education oriented the students about the seminar and gave a befitting introductory talk. She continued the second session 'Story Writing'. The students were asked to write stories after showing three pictures. The stories written individually were collected later. In the afternoon session, students were divided in six tutorials for 'Who am I? and Why am I here?' sessions. They interacted with their respective tutorial staff members in those sessions about their successes, failures, motivating factors and the factors and the purpose of attending the seminar. In the fourth session 'Ring Toss Game' was conducted for students. They were thrilled to play the game. Discussion on Ring Toss game was given by Dr.V.Priya, Assistant Professor of Physical Science, in which students came to know about the probability of success and how to fix the goal which should be feasible to achieve. Evaluation of the first day's activities was done by Dr.K.P.Shanmuga Vadivu.

The second day session started with the reports read by the tutorial group leaders. That was followed by another perception game and Dr.K.P.Shanmuga Vadivu explained the components of Thematic Apperception Test. This was followed by reviewing the stories written by the students based on the components which was handled by Dr.R.Selvamathi Sugirtha, Assistant Professor of Biological Science. At 12 noon, Role play on Nurturing Parents and Demotivating parents was conducted by students under the guidance of Dr.S.Santhi, Assistant Professor of History and Dr.K.Kamala Devi. Flanders' Interaction Analysis was the topic of the first afternoon session conducted by Dr.S.Santhi. She explained the ten elements and how to fill up the matrix. Mrs.R.Saraswathy and Dr.K.Kamala Devi demonstrated democratic and Autocratic classes respectively, for which the students encoded
