Summer boot camp training programme

The Internal Quality Assurance Cell recently organized a Summer boot camp training programme on research paper generation. The five-day training programme was held on June 12th, 18th, 22nd, 29th, and July 9th, 2018, and was aimed at equipping participants with essential skills and knowledge for research paper writing. The resource person, Mr. S. Syed Nazimuddeen, a Faculty member in Analytics at the Learning Centre in Trichy, was the trainer for all five days. The training programme was attended by 33 participants from different institutions, including Central University of Tamilnadu, Thiruvavur, Periyar University Salem, and Shakti Kailash College of Education, Salem. Participants learned about the importance of research paper writing, including how to write a well-structured paper, choosing a topic, conducting literature reviews, data analysis, and presenting their findings. The training programme was highly beneficial for the participants, who gained a deeper understanding of the research paper writing process. Additionally, participants were given the opportunity to network and collaborate with each other, which could lead to future research projects.

Preparation and Publication of Research Articles

On August 28th, 2019, Sri Sarada College of Education organized a Faculty Development Programme (FDP) on the Preparation and Publication of Research Articles. The programme was organized under the auspices of the Internal Quality Assurance Cell (IQAC) and the Research and Development (R&D) cell. Dr. S. Francisca, a former Associate Professor at St. Ignatius College of Education, Palayamkottai, Tirunelveli was the resource person. During the FDP, Dr. Francisca shared her knowledge and experience on the preparation and publication of research articles. She discussed the importance of conducting research, selecting appropriate research topics, and organizing research data. She also provided guidance on how to structure a research article, including the key sections such as introduction, literature review, methodology, results, and discussion. Dr. Francisca also shared tips on how to choose appropriate journals for publication and how to prepare a manuscript for submission. The FDP was attended by faculty members from different colleges and Ph.D scholars, who found the session informative and interactive. The participants were able to gain valuable insights into the research article writing process, and the session helped to enhance their research skills.

State-level symposium on the New Education Policy (Draft) - A Vision

On August 27th, 2019, the Internal Quality Assurance Cell (IQAC) and the Research and Development (R&D) cell of Sri Sarada College of Education organized a state-level symposium on the New Education Policy (Draft) - A Vision. The symposium aimed to bring together educators and experts to discuss the proposed reforms in higher education and school education. The symposium was facilitated by two resource persons, Dr. K.S. Ramakrishnan, an Assistant Professor at the School of Education, Tamil Nadu Open University, Chennai, who discussed reforms in higher education, and Dr. S. Venkat Raman, an Assistant Professor in the Department of Education, Annamalai University, Chidambaram, who discussed reforms in school education. During the symposium, the facilitators shared their insights and perspectives on the proposed reforms in education. They discussed the potential impact of the new policy on education, the challenges that may arise in its implementation, and the opportunities that it presents. The symposium was attended by educators, researchers, School teachers and experts from different parts of the state, who actively participated in the discussions and shared their views on the proposed reforms. The symposium provided a platform for networking and collaboration among educators and experts and helped to create awareness about the proposed changes in the education policy.

On
New Education Policy 2019 (Draft)- A Vision
On: 27/08/2019

Objectives of the Symposium
Government of India has come up with the draft of National Education Policy-2019. The draft was submitted to MHRD by Kasturirangan Committee constituted in 2017. The draft policy is developed on five foundational pillars of access, equity, quality, affordability and accountability. It also promotes innovations and research, aiming to make India a superpower in knowledge by equipping students with the basic skills and eliminating shortage of manpower in the fields of science, technology, industry and academics. This symposium focuses on the impact of key observations and recommendations of School Education, Technical Education and Higher education that were included in the draft.

Sessions
