

SRI SARADA COLLEGE OF EDUCATION (AUTONOMOUS), SALEM-16 REACCREDITED BY NAAC WITH "A" GRADE (III Cycle)

ANNUAL QUALITY ASSURANCE REPORT 2018-2019

	Yearly Status Report - 2018-2019
	Part A
Data of the Instit	tution
1. Name of the Institution	SRI SARADA COLLEGE OF EDUCATION
Name of the head of the Institution	Dr.S.Santhi
Designation	Principal
Does the Institution function from own campus	Yes
Phone no/Alternate Phone no.	04274550284
Mobile no.	9443546623
Registered Email	sscedn@gmail.com
Alternate Email	santhinihil@gmail.com
Address	Sri Sarada College of Education (Autonomous), Fairlands, Salem - 636 016
City/Town	Salem
State/UT	Tamil Nadu
Pincode	636016
2. Institutional Sta	atus
Autonomous Status (Provide date of Conformant of Autonomous Status)	31-Oct-1988
Type of Institution	Women
Location	Urban
Financial Status	state

Teaching and Learning	Teaching is an attempt to bring about desirable changes in human learning to contribute to better living. Teaching method comprise the principles and student learning and satisfaction. Different teaching methods may elic
	learning outcomes. 1. Cognitive development methods To develop intellectu cognitive development methods of teaching are adopted. This method help
	analyse, synthesize and evaluate information and it also assists them to o this category Discussion method, questioning, team teaching, fieldtri
	implemented. Focus Group In each subject, students are grouped for group tutoring. The total number of students is divided into seven tutorial gro the teacher educators. Peer Teaching For slow learners and Differently
	adopted. Few topics in each subject are meant for the trainees to take c development methods Education has a lot to give the student teachers in the affective domain areas. This domain includes objectives which describe
	values. It further deals with the development of appreciation and adequa methods like simulation and role playing are followed, Simulation Microtea real teaching in the college of education. The peers are the students, o
	simulated set up, the trainees practice micro teaching technique. Peer

teaching are done in simulation. Role Playing Role playing is a technique learning. While using this method the students actively participate in th

Achievement Motivation Programme role play is adopted by trainees and development The activity based methods of teaching that aim motor skills der requires that learners are able to illustrate, demonstrate, or perform ce dexterity. It is a heuristic method of teaching that involves inquiry and d method includes project method Individual Projects Each student is given subject which would be of higher level objective (applied, analytic, syntheshe has to refer the library and browse the net. These assignment topics w for the learner. Group Projects Every year under the guidance of a teacher

group research project and submit the report. Apart from these each train project during her practice teaching. They also take up 'case study' of a subject trainees take up diagnostic study in their major subjects while pos of this institution. Internships For internship training the B.Ed trainees schools identified by Chief Education Officer, Salem. They go for internship

The M.Ed students go for internship with the B.Ed trainees as per NCTE is includes preparation of instructional aids, microteaching, testing and ever psychological experiments, action research, case study, audio-visual educacamp, SUPW, music art and craft, journal writing and teaching portfolio, project, public speaking (assembly talk, organization of an event, compeeri 5 lessons of the school teachers in each optional subject and 10 lessons of to gather information regarding the day to day functioning and the organiz school. Innovative Teaching Learning Methodology "If we teach today's study rob them of tomorrow", John Dewey quotes. Education is a very powerful in transformation and innovative teaching practice is the only way to enhance

our institution innovative teaching methodologies are often experimented suitable. The teaching methodology adopted for Theoretical and Practical M.Phil. courses were detailed as follows Methodology followed for Teach Components Lecture Method with PowerPoint slides and Quiz As in this teac topics can be covered in a single class period, teacher educators use this teachers are graduated already, they are also able to understand the contenthe material is ensured beforehand in order to present it orally. In most PowerPoint slides prepared by the teacher educators. This method is used programmes and theoretical concepts of pedagogy courses. Quiz Quiz is or members of each course for each unit. Theme based quiz programmes are also

to ensure deep learning. SMART classes All classes are equipped with Inter for activity oriented learning. The educators can also prepare for the appropriate audio and video tools such as short films, speeches of eminent are used in hyperlink wherever the situation warrants. Many in built activ achievement of learning objectives for each class. In built Self Instruct student teachers to learn the content in multimedia format. The student tea SMART board through hands-on training. Needed images like Mathematical figu: are available in the software itself which ease the learning process. Prob to promote critical thinking skills, problem-solving abilities, and comm learning is fostered among the student teachers. This method is predominant Statistics papers of M.Ed. and M.Phil. as grouping is comfortable in those thinking of students as direct presentation of facts and concepts is avoid for lifelong learning also. Team teaching Team teaching method is adopted core papers (viz. Achievement Motivation). Different teachers' perspe understanding of the concepts more easily. The different learning styles catered by this method as each teacher educator's presentat

students on Module, types, its importance and steps in ADDIE Model. Students were asked to a Steps according to ADDIE MODEL. Students were instructed to prepare module for both majo During the teaching Practice, trainees executed the plan made during the Pre-active Pha: suggestion and guidance from their respective teacher educators for the proper executic evaluation Phase here the students were asked to submit the record. So that it provide a b changing strategies of teaching. OBSTACLES FACED: Interaction Phase is very important.Du: aspects affected the effectiveness of teaching through Module. They are I. Lack of deep divergent thinking. III. Lack of updating of knowledge. IV. Lack of knowledge in choosin content. These obstacles can be rectified by brain storming. The trainees and providing pro IMPACT • acquire clarity in the subject knowledge. • Incorporating the appropriate ac activities like games, quiz, discussion and videos. • Realizing the benefits of activity for module for selected content. • Selecting appropriate activity for the content. Bes approach. The content that required initiation of the practice. The traditional didactic and offer limited interaction between the source of knowledge and the learners. In order content to be taught in short span of time flipped classroom was adopted, for Objectives c Keep students focused and learn for a while period. • Reflects on concepts that increase to class • Provides students with different ways to learn content demonstrate mastery. individualized learning to learn at their own pace time. • Encourages active learning crit Community by adopting group. • Creates healthy student - friendly environment. Best pract The content that required initiation of the practice. The traditional didactic way of tea limited interaction between the source of knowledge and the learners. In order to preclud be taught in short span of time flipped classroom was adopted, for Objectives of the pr students focused and learn for a while period. • Reflects on concepts that increase thei: class • Provides students with different ways to learn content demonstrate mastery. individualised learning to learn at their own pace time. • Encourages active learning crit Community by adopting group. • Creates healthy student - friendly environment. B. The Patr for B.Ed trainees in Sri Sarada college of Education where trainees are engaged in meanin teacher educator being central. This novel approach offer ample opportunities for trai learning activities inside the classroom and direct personal computer based - individual : Flipped classroom organized in 3 stages. (i) Introducing the task (ii) Out-of- the class Introducing the task The main aim of this stage is to maximize the trainees readiness for on - line in - class. Educators introduce the tasks by clearly explaining their expectati doing and the amount of time thee trainees will need to invest for in - class activities this stage, trainees are instructed to go through the videos reading materials that are Educator clearly explain the out - of - the class activities including questions given in be used for presentation. Out- of - class task Educator carefully analyse the choice of $m_{\rm c}$ book, instagram) for the on - line activities and materials appropriate for trainnes leve. used to upload the video link reading materials on particular topic announced in the pro provided in the blog so that trainees are able to discuss in the fillped class room. In class session, Educator check if the trainees adequately prepared for the in - class a assessment questions are also analysed and doubts may be clarified if any. During the in . - Think - Pair - Share learning strategy where trainees work independently flesh out the discuss their ideas with a partner and share it in front of their class. Educator facilita with conclusion suggestions. Obstacles faced if any Time and effort is required to rethin class activities on the part of educator. Tamil medium students feel difficult to understa given in English. As hostel students do not have mobile devices, their participation was students required more time as they do not have interest access at home. Difficult to ensu videos studied reading materials. Strategies adopted to overcome them Groups were formally that mixing of Tamil medium English medium students together. No optimal group formation could be assisted by English medium students. Hostel student and student do not have inter for one hour to access blog in the computer lab. Since, the approach consume more time e class and in - class activities, students were made to adopt this approach only for one pa order to ensure trainees preparation (Home work) educator motivate them daily by getting perspective, flipped classroom was a rewarding experience. Impact of the Practice Flipped learner empowerment as educator - student teacher interaction taking a new shape with a involvement. • Achieved higher order thinking skills such as application, analysis ,

participate of all students. • Aroused interest of all stude

NAAC

Provide the details of the performance of the institution in one area distinctive to its Emancipation of women teacher Trainees '' There is no chance for the welfare of the world improved'' -Swami Vivekananda In line with the words of Swami Vivekananda, the college i.e.to empower the women teachers in all the quality aspects and to blend their intelle social, moral and spiritual attributes, hence in accordance with this, the college is (teacher trainees from its inception. The College facilitates to kindle the hidden talents programme and assists to know about themselves through organizing Achievement motivation course. Teaching Aptitude test also administers in order to identify their aptitude and Umpteen programmes have been organized to empower them. Women teachers should need the heat the main focus has been laid on maintaining the healthy work and life balance by cateri inter personal skills, stress management and enhancing emotional intelligence in the p: challenges the college is offering skill oriented courses and certificate courses like i technology and soft skills. Besides, Gender issue is included as one of the papers to pproxpersonal attitudes and beliefs. To strive and achieve high standards across the country a on latest technological devices like smart boards and collaborative learning strategie flipped classroom. Likewise, Students are motivated to actively use and participate in prevent their technophobia. Club activities are designed in order to update and make knowledge. Furthermore to develop employ ability skills the special coaching classes : building programmes are also catered. Orientation programmes are often organized through (off campus interviews are arranged through placement cell to second year students. Befo: essential training by using ICT and communicative English training are also offered for job. Students not only learn the academic curriculum prepared by the teachers, they expectations from interaction with others. Hence to emphasize this, diverse programme workshops are organized to trainees to get the inputs related to interpersonal skills. By and spiritual values among students are the core aim of the college. Thus the trainees regular prayer to cultivate their inner and physical strength. Moreover students give spe minutes related to the life history and higher values preached by holy trinity. Trainees the various cultural programmes in and off campus mainly they
