1. Igniting the Knowledge (Illam Theedi Kalvi)

In urban and rural areas, student teachers teach special classes to underprivileged students of government schools in the first through tenth standards, equipping them with the necessary skills and knowledge.

Institution puts forth efforts leveraging locational knowledge

Nurturing the Girl Child

Educating Life skills to special Children

Teacher educators are teaching children the core values of education and the value of life skills.

Improving Learning disability children

Educators could identify students who were slow learners and help them to understand the subject thoroughly. Learning disabled students were given special attention to help them cope with their good academic results.

Educating Deaf and Dumb children

A student teacher teaches deaf and dumb children about various aspects of their health and education so that they will be able to do well in school.
